## 2018 RATES

Beyond acclaimed golf, Fox Harb'r Resort connects you with our great Nova Scotia outdoors, from the Atlantic Ocean surf to peaceful woodland trails. Here nature is much more than just a pretty backdrop. Our 1,100 acres are filled with unique adventures and more ways to explore.

### SPORTING CLAYS

When it comes to recreational sport shooting Fox Harb'r aims for the leading edge. Closely replicating field conditions of a game or water fowl shooting with "clay pigeons", the diverse courses around the Sporting Lodge at Fox Harb'r are designed to make everyone from novices to pros quickly feel "at home on the range".

Sporting clays are presented on a course made of stations. These stations can be laid out like a golf course, one after another through acres of landscape, or like a driving range is, in a row. Locations are also provided for coaching, including beginners and complete novices. Equipment and expert instruction in the proper and safe use of the firearms is provided. Our National Sporting Clays Association (NSCA) accredited courses are set for multi-level presentations. Individuals accompanied by our coaches do not require a permit.

For individuals and particularly groups on a tighter schedule, we recommend our Five Stand option. It features a line of five stands for shooters to rotate through for a variety of menus, or your coach may work with you on specific targets. For double the experience, we also offer a full sporting clays course, which can be styled for the guests' ability on request.

**5 -Stand ( approx. 1 hour) \$60 pp + tax**  
**Sporting clays course \$100 pp + tax**

### PONTOON BOAT TOURS
