## SPORTING CLAYS

Located on a 15-acre complex within the resort, the Fox Harb'r Shooting Academy and Sporting Lodge provide one of North America's top sporting clays facilities. Designed by 26-time World and 19-time European clay shooting champion and sport legend, George Digweed, MBE, our National Sporting Clays Association (NSCA) certified course encompasses 24 shooting stations and a five-stand pavilion, with programs and instruction to challenge everyone from total novices to seasoned shooters.

Sporting clays are named after the biodegradable clay discs, or "pigeons" thrown at a variety of angles, heights and distances to imitate the movement of wild game birds. First-time shooters are guaranteed to break targets with the help of our certified instructors.

All Fox Harb'r customized group shooting packages include targets, gun rental, ammunition and safety equipment, as well as the appropriate level of instruction. Our five stand set-up is a popular option which blends the most popular elements of all the shooting sports, including trap and skeet. Before and after the round, your group can unwind at the classic Sporting Lodge, complete with an indoor-outdoor fireplace and a terrace made for BBQs.
