

Golf Simulator

During this experience you and your guests will enjoy a private setting in our Trackman Performance Academy.

Play: Where we have some of the most beautiful and iconic courses in our amazing library including more than 30 Tour venues like Pebble Beach, Valderrama and Royal Birkdale. There is even the home of golf, St Andrews. Play them. It's unreal.

Practice: Fine-tune your game in a sim through Shot Analysis and the Test center giving feedback that is actionable and deliverable. There is also On Course Practice and the Target Practice Range that allows you to apply those findings in simulated, real-world conditions. The TrackMan Performance Studio gives instant feedback on every shot giving you clear, actionable data and game-enhancing pointers that will improve your play. That's intelligence. That's insight.

Lessons/Club Fitting: We know how important fitting is. We know how it can boost your game. And the Fitting Studio has all the tools you need to deliver the analysis you need. That means informed choices. That means better golf.

Games: The sim is golf at its most inclusive. As well as catering for the serious pros, we have games that are perfect for family and friends. It could be your solution to a rainy day. There are tournaments too. Make your choice. And play.

Footwear: Indoor footwear only!

Payment Methods: We are happy to apply your Activity Fee to your guest room account which will only require a signature as you register for the start of your Outdoor Activity. You can of course use a credit card, debit or cash.
